Fall Tour 2009 – by Pat Douglas

Our 2009 Fall Tour was held on October 24th which started out to be a chilly day but ended up mainly sunny with some very nice views of late season color. Participating this year were Fred Thomas and Penny Rushing, Fred and Meg Fleischmann, Dennis and Julie Ricchio, Bill and Debby Nicklas and Pat and Pam Douglas.

We left the McDonalds in Pewaukee and headed west to Whitewater for a “good fuel” stop. From there we traveled north near Horicon and through Mayville then back south to Hartford for a leisurely stop at The Mineshaft for lunch and libations. Upon leaving Hartford we meandered up and around Cedar Lake with a stop in Slinger for those that wanted to top off with 111 octane racing fuel. An unplanned attraction on the trip was the close up view we had of the wind farm in the area. Admittedly it is a bit eerie driving through these monstrous green machines with the Healeys. The day ended with a late afternoon meal at The Sawmill Inn.

Other than a cold start the weather cooperated and it was another very enjoyable fall Healey event.
